

Realtime Lecture Configuration

1. Install VIC/RAT referring to the URL below.

<http://www.soi.wide.ad.jp/project/soi-asia/manual/vic-rat/>

The command is below.

```
"C:\Program Files\mbone\rat.exe" 233.18.109.4/7777
```

```
"C:\Program Files\mbone\vic.exe" 233.18.109.3/6666
```

Please do the following for RAT configuration.

1. Go to the option
2. Go to audio Category
3. Make Silence Supression OFF

2. Preapre WMT

Make sure you have the newest version of WMT.

<http://www.microsoft.com/windows/windowsmedia/download/default.asp>

Please download below for files to your local pc and click .asx files to start WMT streaming.

Stream1 : [jun-multicast.asx](#) | [soiasia1.nsc](#)

Stream2 : [soiasia2-0326.nsc](#) | [stream-0326.asx](#)

Stream3 : [soiasia3.nsc](#) | [soi-asia-live.asx](#)

3. Preapre RPT

To share the PPT with your participants, please download and install RPT, which enables the client to share the timing when the slide changes.

RPT manual : <http://www.soi.wide.ad.jp/doc/rpt-e/>

#soi-rpt VIC/RAT
#soi-rpt2 WMT

4. Prepare Polycom

Polycom manual : <http://www.soi.wide.ad.jp/doc/polycom-e/>
