

## Advanced Operators' Orientation

### What we expect from you during the Newcomer session

- Teaching assistant (TA) for the newcomer operators
  - We don't put any TA from Keio or ITB
  - You are the TAs for the newcomer operators
- Review your knowledge and basic skill for the SOI-ASIA operation
- After finish teaching, we gather the staff room for a review

## TFT Session on 17th

- We will have discussion based on the following topics
  - Your operation situation
  - Your expectation for future operation
  - Coaching approach
  - Motivation
- Prepare for your memo or PPT regarding topics above

## Important Mission (Milestone) after the PIM-SM session

- Migrate from DVMRP to PIM-SM in the whole UDL network
- Schedule for the PIM-SM migration is to be discussed in the PIM-SM session
